Annual Environmental Monitoring for Thornhill Landfill

SHA's have been retained by the Regional District of Kitimat-Stikine for over five years to produce an Annual Water Quality Monitoring Report.

- *Services include collecting water quality samples from streams and groundwater monitoring wells, interpreting data, and annual reporting.*
- *Data is compiled in a computer database. Plots are generated to identify any deterioration of water quality.*

Regional District of Kitimat-Stikine Contact: Roger Tooms (250) 615-6100

Project Budget: \$12 500 per year
