Nass Valley Solid Waste Feasibility Study

- *SHA has been retained by the Nass Valley Stakeholders including the Village of Gitlakdamix, Laxgalts'ap, and Gingolx, the Regional District of Kitimat Stikine and INAC to complete a study of long term solid waste management options for the Nass Valley.*
- *The project involved detailed hydrogeologic assessments of three candidate sites that included drilling and test pitting.*
- *A regional collection system and centralized regional landfill was identified as the optimum solution.*
- *A detailed economic feasibility study was completed.*
