Nass Valley Solid Waste Feasibility Study Nass Valley Solid waste Stakeholders Group

SHA's were asked to identify potential alternate sites for a regional landfill.

- *Completed both on-site investigation at existing facilities and desktop siting study.*
- *Developed a sound waste management plan to protect human health, riparian resources, bears and other wildlife from adverse effects of landfilling operations.*
- *Performed a detailed cost analysis of transfer vs. local landfilling.*
- *Designed a practical, robust and low cost transportation system.*
- *Developed cost sharing options.*
- *Designed reclamation plans for 'Agriculture Land Reserve' approval.*
- *Confirmed that a shared regional waste management solution is optimum.*
